Questions/Topics	Focus	Junior Level	Synonyms (Junior)	Mid-career Level	Synonyms (Mid-career)	Senior Level
Getting started	Starting Policy	Where do I start?	Curiosity	How to explain AI?	Communication	Ethical AI design
Safe AI designs	Prioritize user safety and well-being; consider potential risks and ethical implications	How to ensure safety?	Empathy	Identifying AI problems	Critical Thinking	AI sentience
Explaining AI		How to explain AI?	Humility	Staying updated with AI	Continuous Learning	Societal impact
Identifying AI problems		How to identify issues?	Curiosity	AI in UX design process	Communication	Ethical AI governance
Staying updated		How to stay updated?	Empathy	Enhancing UX with AI	Critical Thinking	Preparing for AI sentience
AI in UX design process		How to integrate AI?	Humility	Ethical considerations	Continuous Learning	AI consciousness assessment
Ethical considerations		How to ensure ethical AI?	Curiosity	AI for personalization	Critical Thinking	AI industry transparency
Enhancing UX with AI		How to enhance UX?	Empathy	AI for data analysis	Communication	AI societal impact frameworks
AI for personalization		How to personalize with AI?	Humility	Automation with AI	Continuous Learning	AI ethical implications
AI for data analysis		How to analyze data with AI?	Curiosity	AI for accessibility	Critical Thinking	AI industry open dialogue
Automation with AI		How to automate with AI?	Empathy	AI for enhanced collaboration	Communication	AI ethical decision-making
AI for accessibility		How to improve accessibility?	Humility	Future of AI in UX	Continuous Learning	AI long-term planning
AI for collaboration		How to improve collaboration?	Curiosity	AI job roles & specializations	Critical Thinking	AI industry mentorship
Future of AI in UX		What's the future of AI?	Empathy	AI ethical design priority	Communication	AI industry advocacy

Questions/Topics	Synonyms (Senior)	Humor & Self-Irony	Clear & Actionable Guidance		
Getting started	Leadership	Use simple words	real-life examples, Learn basics of AI, UX design; AI as a tool to help people		
Safe AI designs	Wisdom	Speak up	share knowledge, Think about how design affects different people; ask, Would I be okay if my little sister or grandma used this?		
Explaining AI	Foresight	AI as a super-smart robot friend	Use simple words, real-life examples; think about explaining to a kid		
Identifying AI problems	Leadership	Detective looking for clues	Speak up when noticing issues; ask questions to learn and grow		
Staying updated	Wisdom	Leveling up in a video game	Read articles, attend workshops, play with new AI tools		
AI in UX design process	Foresight	AI as a magical design buddy	Learn about AI-powered design tools; collaborate with AI developers		
Ethical considerations	Leadership	Ethical AI as superhero duty	Engage in ethical discussions; consider potential societal impact		
Enhancing UX with AI	Wisdom	AI as a helpful friend	Leverage AI for usability testing; analyze user behavior		
AI for personalization	Foresight	AI as a personal assistant	Use AI for tailored experiences; consider user preferences		
AI for data analysis	Leadership	AI as a data detective	Leverage AI for user insights; improve accessibility		
Automation with AI	Wisdom	AI as a helpful colleague	Use AI for automating tasks; foster collaboration		
AI for accessibility	Foresight	AI as an accessibility champion	Design inclusive experiences; consider AI's future impact		
AI for collaboration	Leadership	AI as a teamwork facilitator	Foster collaboration with AI; explore AI job roles		
Future of AI in UX	Wisdom	AI as a future-shaping force	Stay informed about AI trends; advocate for ethical AI development
